Professional Summary

Highly skilled Software Engineer and DevOps Specialist with a strong track record in building scalable web applications, robust backend systems, and efficient CI/CD workflows. Proficient in Next.js, TypeScript, and Redux, with extensive experience in system architecture and cloud deployment. Skilled at leveraging modern technologies and industry best practices to deliver high-performance software products. Passionate about continuous improvement, collaboration, and driving success in dynamic environments

---

Skills

Technical Skills:
- Programming Languages: TypeScript, Python, JavaScript, SQL
- Markup and Styling: HTML, CSS
- Frontend Frameworks: React.js, Next.js, Tailwind CSS
- Backend Development: Node.js, Express.js, CRUD APIs, system architecture
- Database Management: PostgreSQL, MongoDB, database backup and recovery strategies.
- DevOps & Deployment: Docker, Kubernetes, CI/CD pipelines (GitHub Actions), Google Cloud (VMs, App Engine, Cloud Run).
- Version Control: Git, GitHub.

Soft Skills:
- Excellent communication and collaboration
- Strong analytical and problem-solving abilities
- Adaptability and willingness to learn new technologies

Work Experience

Software Developer | DevOps Engineer

AEVUE | January 2023 – present
- Led the development of scalable web applications using TypeScript, React, and Next.js.
- Designed and implemented Redux state management for seamless application functionality.
- Architected and deployed backend systems with robust CRUD APIs and database management.
- Streamlined workflows by establishing efficient CI/CD pipelines using GitHub Actions.
- Deployed applications on Google Cloud environments, leveraging Docker for containerization.

- Enhanced system security with Nginx, SSL configurations, and secure data storage solutions.

Frontend Software Developer
Beki Solutions | February 2021 – December2022
- Developed dynamic frontend solutions using React.js and Next.js.
- Delivered user-centric web applications leveraging Joomla CMS.
- Collaborated with cross-functional teams, including designers and product managers, to deliver impactful projects.

Education

- **MERN Stack Developer Certification** | Evangadi Tech | October 2022 – April 2023
- **Software Engineering Graduate** | ALX | February 2022 – March 2023
  - Focused on web application development, DevOps practices, and database optimization.
- **B.Sc. in Engineering** | Addis Ababa Science and Technology University | September 2015 – January 2021

Languages

- English – Professional
- Amharic – Native

Hobbies and Interests

I enjoy reading non-fiction books, listening to podcasts, socializing with friends and family and fitness activities.
